# WORTHINGTON INDUSTRIES

## ABOUT WORTHINGTON INDUSTRIES (NYSE: WOR)

Worthington Industries is a leading diversified metal processing company with fiscal 2009 sales of approximately \$2.6 billion. The Columbus, Ohio based company is North America's premier value added steel processor and a leader in manufactured metal products such as light gauge steel framing for commercial and residential construction; framing systems and stairs for mid-rise buildings; pressure cylinder products such as propane, oxygen and helium tanks, hand torches, camping cylinders, and scuba tanks; current and past model automotive service stampings; metal ceiling grid systems; steel pallets and racks; and laser welded blanks. Worthington employs approximately 6,300 people and operates 61 facilities in 11 countries.

Operating since 1955 under a customer-centered Philosophy, based on the Golden Rule. Worthington Industries has frequently been named one of the Most Admired Companies in the metals industry by **Fortune** Magazine and has also been one of **Fortune's** 100 Best companies to Work for four times.

## OUR COMPANY

Segment	Sales	Market Share
Steel Processing	50%	5-10% of a fragmented steel processing market
Metal Framing	18%	35-40% of the U.S. light gauge metal framing market
Pressure Cylinder	23%	35-95% depending on product
Joint Ventures		7 unconsolidated joint ventures contribute earnings growth, geographic expansion and product diversity

Worthington Industries serves over 7,000 customers with no single customer greater than 5% of sales. Markets served include construction (30%), automotive (29%), agriculture, healthcare, appliance, lawn and garden, office equipment and leisure and recreation.

## RECENT WI NEWS & HIGHLIGHTS

- Acquired Structural Composites Industries, a leading manufacturer of DOT-approved lightweight, aluminum-lined, composite-wrapped high pressure cylinders used in commercial, military, marine and aerospace applications.
- Opened a new steel processing facility in Monterrey, Mexico with our joint venture partner, Serviacerro.
- Metal Framing entered into a strategic alliance with Bailey Metal Products Limited that includes the sale of its Canadian operations to Bailey.
- WAVE's ceiling grid facility in India became fully operational.
